God Made It All

By Jayne Nitz and Chris Driesbach 2008

In the beginning God created the heavens and the earth.
The Word was there with the Spirit upon the waters.
God said, "Let there be light," and it came to be-
Light and dark, evening and morning, the first day.

I don't know how he did it, but then he made the sky
Above the water - infinitely high!
God made the waters join and the dry ground to appear.
He named the sea and the land and said that it was good.

Chorus:

Day one! -- Dark and light   Day two! -- He made the sky.
Day three! -- Plants and trees   Day four! -- Sun, moon and stars.
Day five! -- Birds and fish   Day six! -- the animals.
In his own image he made man and he made woman.
In six days God made it all - he made it all.
In six days God made it all - he made it all.
In six days God made it all - he made it all
and on the seventh day he rested.

He made the green things grow on land - according to their kind
With fruit and seeds – beautifully delicious!
Oh, what a show he put on when he made the sun and moon-
A universe filled with stars - and it was good.

Then my God invented birds and creatures of the sea
And every animal – he's such an awesome God!
He made a man - and God saw - he was sad to be alone
So from Adam he made Eve and Adam loved her.

(Chorus)

Feed Your Faith

By Jayne Nitz and Chris Driesbach 2008

Miss a meal, get that hungry feeling.
Gotta' eat or you'll hit the ceiling.
You know your soul gets hungry too.
Let's fill up on spiritual food.

Chorus:
Feed your faith, yeah- you got to feed it.
Read the Bible; your spirit needs it.
Read and pray ev'ry day-
That's how you feed your faith.

Satan wants you acting bad,
To lie and steal, be mean and mad.
If he's tempting you today,
You gotta' know what to say.

(Chorus)

Bridge:
I don't live on bread alone.
I want the Bible in my heart and home,
So I grow up in my faith-
Getting stronger every day…
Getting stronger every day…

(Chorus)

Because My Father Loves Me

By Jayne Nitz and Chris Driesbach 2008

My Father made the universe because my Father loves me.
He created all the stars and moon because my Father loves me.
There's a room for me in heaven-
I'm surely in his heart
And some day he'll take me home because my Father loves me.

Chorus:
God three in one,
Father, Spirit, Son
All one God and
He loves me, he loves me.

My Jesus died to save me because my Jesus loves me.
He kept the law perfectly because my Jesus loves me.
He fought to the death with Satan
And won the victory
Then he rose from the dead because my Jesus loves me.

(Chorus)

The Spirit wrote the Bible because the Spirit loves me.
He told Moses what to say because the Spirit loves me.
He told Paul what to write
And every word is true.
He helps me to believe it because the Spirit loves me.

(Chorus)

God's in Charge
By Jayne Nitz and Chris Driesbach 2008

God had Noah take a long, long ride
On a big, big boat for a long, long time.
He and his fam'ly went floatin' about.
A year went by before they came back out.
But God sent a rainbow as a promise to them.
He said summer and spring were gonna' come back again,
So would winter, and so would fall
'Cause God's in charge of it all.
Yeah, God's in charge of it all.

Well, life's a little like Noah's ride,
But I'm warm and dry and lions stay outside.
God takes care of me every day.
His angels guard me in all my ways.
I don't have to be scared or lose my cool
And I don't have to worry my dreams won't come true.
God knows exactly what to do.
You know he's in charge of me too.
Yeah, God's in charge of me too.

When God's ready he'll come back for me.
Nobody knows when that day will be-
Not the Spirit, and not the Son-
But my Father does - he's the only one.
When that day comes I won't be afraid.
I'll go up in the clouds and he'll call me by name
And we can watch the stars fall
'Cause God's in charge of it all.

It's all right if they fall.
Cause God's in charge of it all.
Yeah, God's in charge of it all.

I'm A Saint

By Jayne Nitz and Chris Driesbach 2008

The Bible tells me I was born a sinner
And I can't get to heaven on my own.
But Jesus is the way and my travel plans have changed.
Now I know exactly where I'm goin'.

Chorus:
I'm a saint, I'm a saint.
My sins are a million miles away.
I'm a saint, I'm a saint,
and nobody can tell me - I ain't!

You might be wonderin', "How did Jesus save me?"
Well, he's more than just a teacher who was nice.
He's God's own perfect Son - who loved me so much
He stepped in and died to pay my price.

(Chorus)

Now when God looks at me he just sees Jesus.
I'm sorta' scruffy, but to him I'm lookin' fine.
So I can just be happy, living a life of thanks
'Cause there's a room in his house and it's all mine.

Last chorus:
I'm a saint, I'm a saint.
My sins are a million miles away.
I'm a saint, I'm a saint,
and nobody can tell me,
no, the devil, he can't tell me,
and nobody can tell me - I ain't!

Sing to the King

By Wendysue Fluegge 2002, 2008

God made the trees - the birds and the bees -
And everything we see,
The bright blue sky and the sun that shines
And the rain that falls on me.
The grass that grows and the wind that blows
Were created by His hand.
Then lovingly the good Lord made me.
I'm just the way He planned! Oh…

Chorus:
Stomp your feet, clap your hands,
Nod your head if you understand
That God made you
And saved you
And gave you
Everything
So let's sing to the king!

Well, there are days I go my own way
And don't want to do what's right.
I might whine and pout, maybe hit or shout
Or end up in a fight.
It makes my mom and dad and my Jesus sad,
But they forgive my sin.
Because Jesus died, I'm justified
And I'll live in Heaven with Him! Oh…

(Chorus)

Let everything sing praise to the King!

Run Moses Run

By Jayne Nitz and Chris Driesbach 2008

There was a man named Moses who set his people free
From 400 years of cruel overseers and Egyptian slavery.
But Pharaoh didn't let 'em go easily - he put up quite a fight.
So God brought plagues of frogs and bugs and death in the night.

Well, that was enough for Pharaoh. He told Moses, "Go!
Take your pesky Israelites outta' here and leave us alone."
Behind a pillar of clouds and fire and carrying Joseph's bones,
They marched into the desert, headed for their promised home.

Chorus:
And God said, "Run Moses run - run for the red Red Sea.
Here comes that mean old Pharaoh - but Moses, trust in me.
Run for the red Red Sea. Take your people down.
Pharaoh's heart is hardened, he thinks you'll have to fight or drown.
Move on, Israelites! Why cry out to me?
Now, Moses stretch your hand out, and I'll divide the sea."

Then God said to Moses - "Turn your people around.
Tonight you'll make camp by the sea - Across from Baal Zephon.
Pharaoh's changed his mind and he wants to kill you all.
He's got men with spears and horses and chariots at his call."

The pillar of cloud stayed between the armies all that night.
While Moses stretched his hand out, angels kept 'em from a fight.
The East wind blew hard to separate the dry land from the sea.
Moses trusted God and led his people into history.

(Chorus)

With Egyptians nippin' at their heels the people had to fly
In between those walls of water, but their sandals - stayed dry.
Pharaoh didn't wait to chase 'em, he was stubborn as a mule.
You couldn't call him chicken, but I think he was a fool.

And as those chariots threatened, God caused their wheels to swerve.
The water started closing in and Pharaoh lost his nerve.
The Israelites were safe across, celebratin' and alive.
But as for Pharaoh's army, not one of 'em survived.

(Chorus)
So Moses stretched his hand out and God divided the sea.

For His Friends

Words and music by Darrel Doberpuhl 1981
Arrangement by Chris Driesbach 2008

How many friends do you have who would lay down their life just for yours?
How many friends do you have who you'd willingly give up your life for?

Chorus:
Jesus gave his life away for his friends, for his friends.
Jesus gave his life away just so theirs would never end.

(Verse intro) You gave your life…Thank you, Jesus, for giving your life away...

Maybe somebody would give up their life for a friend, kind and pure.
But do you know even one who would do it for you? How could you be sure?

(Chorus)

(Verse intro) Thank you, Jesus…You gave your life away for your friends…

If you don't think that you have such a friend well, actually – you do!
Way before you were even born, Jesus gave his life for you.

(Chorus)

Last chorus:
Jesus gave his life away for his friends – and I'm his friend.
Jesus gave his life away just so mine would never end.

We Love

By Jayne Nitz and Chris Driesbach 2008

Chorus:
We love, love each other
Just like sisters, just like brothers.
We love, love each other
'Cause Jesus loved us first.

I'm not always charming, you're not always sweet.
Sometimes I can't imagine washing off your feet.
But that's how Jesus loved us - a servant on his knees.
Isn't that the way you dream of treating me?!

(Chorus)

I know I should love you better than myself;
shouldn't put your feelings up on a dusty shelf.
But when I don't get my way, I turn into a jerk.
I know I could be nicer. It seems like so much work!

(Chorus)

Bridge:
He did more than scrubbing dirty feet.
He washed away our sins when he died for you and me.

Like the man whose debt was forgiven by the king,
I forget God's grace and hold a grudge for little things.
I can't love like Jesus - just like I can't fly -
But he loved me so much, it makes me want to try.

(Chorus)

Jesus, I Am Yours

By Jayne Nitz and Chris Driesbach 2008

When I'm feeling lonely,
When I need a friend
Jesus is beside me,
Faithful to the end.

When it's getting dark out,
And day turns into night,
I don't have to worry -
Jesus is my light.

Chorus:
Jesus, I am yours
And you are mine.
Oh, stay with me
'Til the end of time.

When I'm feeling sorry, -
I wasn't nice today -
Jesus helps me smile,
And takes it all away.

Oh, Wonderful Jesus,
You're so good to me.
Oh, Wonderful Jesus,
Stay with me.

(Chorus)
